Attention: Eric Duncan

Dear Mr. Duncan,

As discussed earlier, we are hereby providing you with a statement of our current findings for the Morseville project site for which you intend to use the V90-3MW turbines.

Based on the Climatic Data sheet provided to us for the specific site conditions, at this time Vestas can confirm the applicability of our warranty for the product at this site subject to executing the final negotiated contracts.

We look forward to continuing our work with Invenergy for the successful completion of this project.

Please do not hesitate to call us for any additional clarifications.

Yours sincerely,

Vestas - American Wind Technology, Inc.
